Emily – thanks again for all your help.

Audrey and Pat – I've attached Emily's prior email for ease of reference. First, I wanted to confirm that you were able to search for requests dating back to 2009. I assume that is the case but thought I would double check since it sounds like the online search only dates back to October 2012.

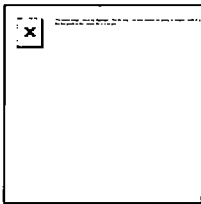

Second, would you be able to provide a list of the search terms that Emily used in her search? I would suggest the following terms be included if possible, as I think these would find any prior FOIA requests relevant to what we are looking for:

Coldwater Creek  
FUSRAP  
SLDS  
St. Louis Downtown Site  
SLAPS  
St. Louis Airport Site  
Hazelwood  
Latty Avenue  
Madison  
West Lake Landfill  
Mallinckrodt

If you have any questions or would like to discuss any of the above, please feel free to call me directly at 816-559-2746. I did not intend to set a \$25 limit so please disregard that. If you have an estimate of costs that would exceed \$250, or if you need pre-payment for any searching, please let me know.

Thank you for your continued attention to this matter.

Hi Erica –

As we discussed, when you've reviewed the list of FOIAs responsive to your request (EPA-R7-2013-005725) that I emailed you earlier, please respond to Audrey Asher and Pat Maxwell to let them know which FOIA numbers you are specifically interested in. I'll be back in the office on Thursday, May 1<sup>st</sup>.

Additionally, once we've gotten a better idea of the amount of materials you're looking for, we'll be able to estimate the costs for search and review costs. Right now, you've set a limit of \$25, and I'm sure we'll go over that. We assess fees at \$28 per hour for both search and review.

Thanks!

Hi Erica,

Per our conversation, here are the FOIA requests which would be responsive to your request. My searches of the FOIA databases didn't yield anything regarding either Coldwater Creek or FUSRAP site in/around St. Louis, Missouri. However, the older database (we switched over for FY 2013, which is why the tracking numbers are different) has a rather clumsy search function, so if the terms I used weren't in the short description, it wouldn't have produced them. If you have alternate terms or search suggestions, please let me know.

You can also search FOIA requests online for October 1, 2012 on at the FOIAonline site:  
<https://foiaonline.regulations.gov> If you see anything you think might be relevant to your interests (for Region 7), let me know.

**FY 2012 Requests**

07-FOI-00311-12 – Request for comments related to EPA's decision on cleanup at West Lake Landfill from David Reynolds with *Inside EPA*.

07-FOI-00453-12 – Request for chemical analysis of the "leached barium sulfate residues" referenced in a 1988 NRC report from Shane Chapman with Missouri Coalition for the Environment.

**FY 2013 Requests**

EPA-R7-2013-002989 – Request for information about monitoring and testing done at West Lake Landfill from Leisa Zigman at KSDK-TV.

EPA-R7-2013-003395 – Request for a file review of all West Lake Landfill records created after February 27, 2008 from Allyson Cunningham at Lathrop & Gage LLP.

EPA-R7-2013-004255 – Request regarding community involvement interviews for the West Lake Superfund site from Steven Hsieh, a reporter with *Rolling Stone Magazine*.

EPA-R7-2013-005299 – Request for communication with Republic Services, risk assessment reports, sign-in sheets, interview notes, and other FOIA requests regarding the West Lake Landfill and the Bridgeton Sanitary Landfill from Kathleen Logan Smith with the Missouri Coalition for the Environment.

Thanks!
